

Amazon Web Services (AWS) in Malaysia

21 Julai 2026 | Auditorium JPM, Putrajaya

Suryani Md Hanipah (Nani)
Principal Account Director
hanips@amazon.my

What makes our AWS Malaysia Region unique

HIGH AVAILABILITY

The AWS Malaysia Region comprises of three Availability Zones, which is defined as a cluster of data centers

NO SINGLE POINT OF FAILURE

Each Availability Zone has independent power, cooling, and physical security

DISTANCE

Physically separated by a meaningful distance – all within 60 miles (100km) of each other

INTERCONNECTION

Datacenters connected via fully redundant and isolated metro fiber

AWS Services Overview

200+ SERVICES

COMPUTE

EC2 · Lambda · ECS · EKS · Fargate · Lightsail · Batch · Outposts · App Runner

STORAGE

S3 · EBS · EFS · FSx · Storage Gateway · Snow Family · Backup

DATABASE

RDS · Aurora · DynamoDB · ElastiCache · Neptune · Redshift · DocumentDB · Keyspaces · QLDB · MemoryDB

NETWORKING

VPC · CloudFront · Route 53 · API Gateway · Direct Connect · Transit Gateway · Global Accelerator · PrivateLink

SECURITY & IDENTITY

IAM · Cognito · GuardDuty · Inspector · Macie · WAF · Shield · KMS · Secrets Manager · Security Hub

AI & MACHINE LEARNING

SageMaker · Bedrock · Rekognition · Comprehend · Polly · Lex · Textract · Translate · Kendra · Personalize · Forecast · KIRO · QUICK

ANALYTICS

Athena · EMR · Kinesis · QuickSight · Glue · Lake Formation · OpenSearch · Data Pipeline · MSK

DEVELOPER TOOLS

CodeCommit · CodeBuild · CodeDeploy · CodePipeline · Cloud9 · X-Ray · CodeArtifact · CDK

MANAGEMENT & GOVERNANCE

CloudWatch · CloudFormation · CloudTrail · Config · Systems Manager · Organizations · Control Tower · Trusted Advisor

APPLICATION INTEGRATION

SNS · SQS · Step Functions · EventBridge · AppSync · MQ · AppFlow

CONTAINERS & SERVERLESS

ECR · App Mesh · Proton · SAM · Elastic Beanstalk

MIGRATION & TRANSFER

DMS · Migration Hub · DataSync · Transfer Family · Application Discovery

IoT

IoT Core · Greengrass · IoT Analytics · IoT SiteWise · IoT Events · FreeRTOS

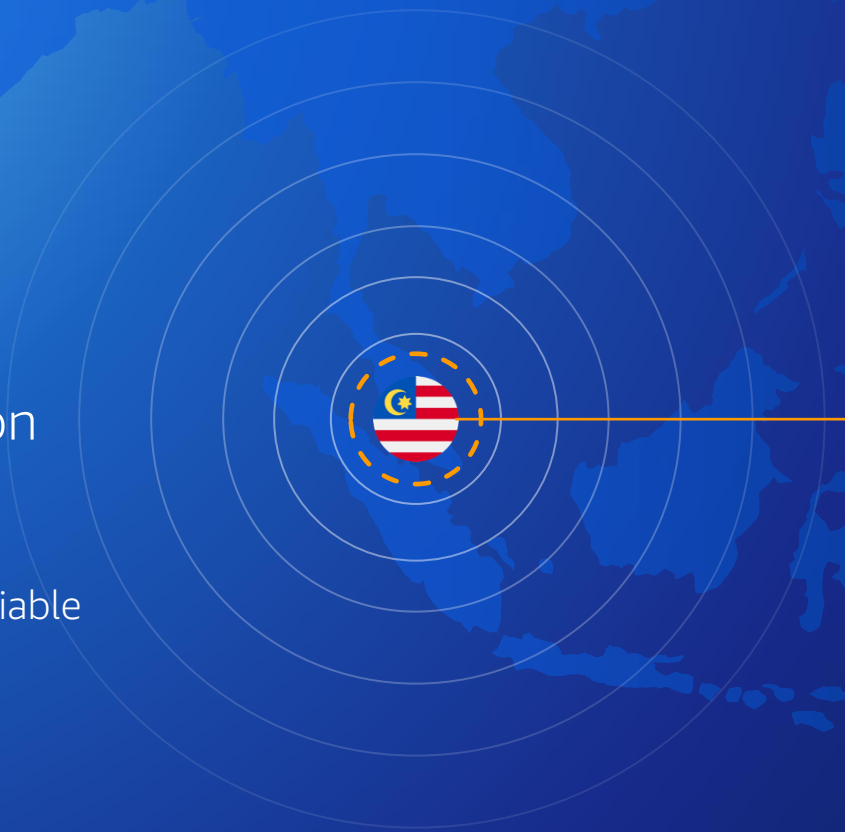

END USER COMPUTING

WorkSpaces · AppStream 2.0 · WorkDocs · WorkLink
